Put the understanding to the test: a self-sufficient section on the development of management skills. There is a good line between knowing and doing. In order to help students put their knowledge in action, the skills creation exercises included in the You Be The Manager section at the end of this text encourage them to apply and use management concepts. For each of the 18 skills, this text provides: A self-assessment test A short interpretation of what the results of self-assessment means A review of a concept of basic skills and specific behaviors associated with the development of skills in ability A short, in class application Different reinforcement activities to give students additional opportunities to practice and learn behavior NEW! Stay ahead of management practice: new andfunctionality . There are always new issues and ideas that managers face, that's why this edition includes new exercises, modules and boxes.
